

Maintenance & Repair Documentation - 1989 Case IH 9150

- 280 hp, Duals, w3pt
- 6,343 hrs (3,843 current meter reading + original hour meter replaced at 2,500 hrs) Purchased 8/27/22 at 6,059 hrs.
- Cummins engine starts easily, even in winter. Sounds amazing too.
- Installed AC on roof and then used exclusively as our pretill tractor until JD9360 took its place.

Additional Maintenance and Repair documentation, including Fluid Scan, available upon request, contact Dave Peterson (651) 295-2612.
